SCOTT'S OPINION OF FOREIGNERS.

In his instructions to his recruiting officers in 1847, Gen. Scott said:

"You are *instructed* NOT TO ENLIST FOREIGNERS, *for the battalion of St. Patrick has taught us that* FOREIGNERS CANNOT BE TRUSTED."—*Morning News, Watertown Register, and Loco Foco papers generally.*

The above is an unmitigated falsehood. Some of the papers which publish it, *know* it to be a falsehood—some do not care whether it be false or true, hoping that the lie may turn some votes from Scott—and some are foolish enough to believe that the tale is true. But whatever the motives be of those who publish it, it is utterly and absolutely false. The Albany *Evening Journal* says, with regard to this matter:—

The enlistment of soldiers is regulated by law, under the direction of the War Department. If any such "instructions" were given, they must have come from the War Department. General Scott was in Mexico at the head of a conquering Army. The recruiting service was carried on at home.

This villainous lie exposes itself. After the capture of the Traitors who had deserted from the American and joined the Mexican Army, the war terminated. No Recruits were then wanted, and consequently no "instructions" were given. The fabricators of this falsehood, therefore, expose themselves by attempting to give a reason!

More than this. While Gen. Scott is innocent of any such charge, having no will to give such instructions, and no power to do so, inasmuch as the directions to recruiting officers came from the War Department at Washington, there is positive evidence, from the record, of a like instruction given by JOEL R. POINSETT, Loco Foco Secretary of War under Martin Van Buren. An order was issued by him in 1839, through the Adjutant-General R. Jones, to all the subordinate officers, that NO MAN SHOULD BE ENLISTED INTO THE ARMY OF THE UNITED STATES, WHO COULD NOT SPEAK AND UNDERSTAND THE ENGLISH LANGUAGE! This is the only foundation for any order of the American army in relation to "FOREIGNERS," with which Gen. Scott HAD NOTHING TO DO; but which, on the contrary, was MADE BY THE DEMOCRATIC ADMINISTRATION.

Bring on your next, gentlemen! Any other Roorbacks will be promptly attended to.

Scott and the London Aristocracy.

The *Sentinel* quotes from the London *Dispatch* in favor of Pierce and King. The *Dispatch* is the organ of the Liberal party in England, and advocates the rights of the masses. On the other hand, the London *Times*, the organ of the British aristocracy, has declared its sympathies for the party that boasts its "federal traditions."—*News* of yesterday.

However the *Despatch* and the *Times* may differ as to questions of home policy, they agree in advocating the election of FRANKLIN PIERCE. The *Times*, "the organ of the British Aristocracy," endorses MR. PIERCE as "the representative of the opinions of Mr. CALHOUN" and "*a valuable practical ally* to the Commercial policy" of England. As such, the *Times* tenders Mr. PIERCE "ITS BEST WISHES FOR HIS SUCCESS"! The *Despatch*, which concurs in this opinion of Mr PIERCE and his position, proclaims that "EVERY ENGLISHMAN REJOICES IN THE EXPECTATION OF SUCCESS FOR THE DEMOCRATIC, FREE TRADE PARTY."

This is all right enough for the British press and people. They understand their *own* interests, and go for PIERCE because *he* goes for "British Free Trade." But how can any true-hearted AMERICAN, whether Native, or Adopted, vote for the British candidate? How can any American MECHANIC, MANUFACTURER, FARMER, or LABORER, support a candidate, who is *opposed to the Protection of Home Industry* and devoted to the interests of *Foreign Pauper Labor?* How can *any* man, who loves his country and hopes to see it prosper, sustain a party and policy which aims to make the United States tributary to, and dependant upon Great Britain? ELECTORS OF WISCONSIN! Resolve that you at least will not be parties to the foul compact which barters away American Interests for British Gold.

THE CONGRESSIONAL CANDIDATES.

The *Sentinel* says that the whig candidate for Congress is a zealous friend of Home Industry and Harbor Improvements, and it contends that the democratic party is opposed to both of these beneficent objects. Mr. Durand, however, in his letter to Mr. Durkee, says that his views of public policy do not conflict materially with those entertained by the great mass of the democratic party of this District. From which we conclude, either that the *Sentinel* utters an untruth when it so charges the democratic party, or that it utters an untruth when it claims Mr. Durand as a friend of Home Industry and Harbor Improvements.—*Morning News.*

Neither conclusion is warranted by the facts. Mr. DURAND is a staunch and life-long friend of "HOME INDUSTRY AND HARBOR IMPROVEMENTS." The *News* itself insists that "the Democratic party" is *opposed* to a Tariff, and Mr. PIERCE's own votes and speeches are proof that *he* is hostile to Harbor & River Appropriations. The Baltimore Platform confirms both positions, since it rejects, as heresies, a Protective Tariff and Internal Improvements by the General Government.

Mr. DURAND, in his letter to Mr. DURKEE, says *not a word* about the views of "the democratic party of this District." His language is: "My "own views and sentiments upon the great political questions before the country would not, I "apprehend, conflict materially, with those cherished by the great mass composing either party "(Whig or Free-Soil) which you have named." Mr. DURAND, no doubt, is right. We believe that the mass of the Whig and Free Soil parties in this District are in favor of Home Protection and Harbor Improvements. So too, no doubt, are many of the Democrats. But the Whig party is the only party, whose Platform embodies, and whose candidate is pledged to, the Protection of American Industry and Appropriations for Rivers and Harbors. Mr. DURKEE is for Free Trade, tho' preferring *specific* to *advalorem* duties. Mr. WELLS has not made public his opinions on this question, but the party whose candidate he is, are *opposed* to a Protective Tariff. Of the three Congressional Candidates Mr. DURAND alone, the Scott nominee, is a zealous, consistent and steadfast friend of Home Protection. Let the friends of AMERICAN LABOR and AMERICAN INTERESTS remember this, when they come to the Polls, three weeks hence, to vote for a Representative in the Congress of the United States. Let them stand by those who stand by them!

Out at last under their true Colors!

We have often called the attention of our readers to the fact that the Loco Foco leaders, while professing to be in full possession of all the patriotism in the country, are in fact advocating a policy which tends to return the United States to their former condition of dependence upon Great Britain. We have quoted from leading English papers, showing how earnestly the ruling powers of that country desire the election of their "valuable practical ally," Gen. Pierce. We have shown how the "democratic" leaders in this country advocate British interests, and prefer to aid British labor, while sacrificing their American brethren. But, thus far, all this has been done under the flag of the stars and stripes, and it has been in the character of exclusive friends of American interests, that these demagogues have claimed the support of the American people.

Late developments, however, show that as the day of election comes nearer, these British emissaries grow bolder. On Saturday week, a "democratic" meeting was held in Wilmington, Delaware, and over it, flaunting to the breeze, was SUSPENDED AN ENGLISH ENSIGN!! And under that flag, Robert McLane, a Loco Foco Congressman,—yes, and a descendant of that old Robert McLane, who served his country nobly in the revolutionary struggle—this man stood and fought the battle of a foreign country *against* his own people! Nay—worse than this. Standing on the platform beneath the English flag, against the supremacy of which, and in his country's defence, our candidate has shed his blood, Mr. McLane had the hardihood to call WINFIELD SCOTT *a thief and a coward!*

It is enough to make the blood of every American citizen, be his birthplace what it may, boil within him, to witness or read of such transactions. It were no wonder that, at some mass meeting of the Free Trade League on British soil, some speaker, angry at the manner in which the American people are coming up to the support of Gen. Scott, should point to his national flag, and abuse the old hero for tearing it from the wall of Fort George, and trailing it in the dust at Lundy's Lane and Chippewa—but we did not suppose that there was one man in America who dare to hoist that flag, and under it to insult as patriotic old soldier, or that a crowd of Americans could be found to listen to it patiently. Shame on the cowards! The People will read them a lesson in November which will last them a lifetime.

"ROORBACKS."—The last Watertown *Register* contains a long chapter on "Roorbacks," in which it charges the Whigs with manufacturing and publishing a variety of falsehoods about Mr. PIERCE and his supporters. The same paper, in the very next column, undertakes to prove that the Whigs are the "Native" party, and substantiates it with such bare-faced and exploded lies as the following:

The Albany *Daily Advertiser*, was then edited by Rufus King and used also the following language:

"It is no new opinion with us, as our readers well know—nor one hastily adopted, that NO MAN OF FOREIGN BIRTH should be admitted to the POLITICAL RIGHTS of an American citizen."

This same Rufus King is now editor of the Milwaukee Sentinel.

We have again and again branded the above as a base *forgery*. No such language ever appeared in the Daily *Advertiser*, while edited by us, nor did we ever entertain, or utter such a sentiment. It is a lie out of whole cloth, and *known to be so* by the very presses which persist in circulating it. The public may judge of the *Register's* sincerity in denouncing "Roorbacks," when it is thus unscrupulous in the use of them.

JOHN P. HALE.—This gentleman spoke to very large audiences at Gaviner's Hall, yesterday afternoon and at Market Hall, in the evening. He was listened to with rapt attention, only interrupted by occasional outbursts of applause. Mr. HALE's speaking is in most happy contrast with that of S. A. DOUGLAS. No man, whatever may be his political views, can listen to Mr. HALE without pleasure and profit. Mr. DOUGLAS, on the contrary, disgusts both friends and opponents.—The one appeals to the reason, the conscience and the hearts of his auditors; the other to their passions and prejudices. Mr. DOUGLAS may shine in the purlieus of Tammany, or the dark corners of "Egypt," but before such an audience as Wisconsin furnishes he does not approach JOHN P. HALE in power, eloquence, or effect. We shall endeavor to notice Mr. HALE's speech further in our next.

A "TRAP FOR THE IRISH."—The *News* insists that the letters of the Irish Catholics in Manchester, Concord, Nashua &c. were procured by various false pretences and dishonest means and are only designed as a "trap for the Irish." The *News* also copies sundry statements from Pierce papers in New Hampshire, imputing corrupt and unworthy motives to the signers of these letters, and in substance asserts that the only genuine Irish Catholics in all New Hampshire are the *twenty-six* who signed the *John. White* certificate! No doubt the News will next endeavor to show that no man can be a real Irishman, or a good Catholic who don't vote for PIERCE and "British Free Trade." Let us tell our cotemporary, however, that he will catch very few "Irish" in *that* "trap."

A COINCIDENCE.—The "Webster Convention," called by the PIERCE press and leaders at Madison comes off to-day. By a strange and, of course, an accidental coincidence, a "Pierce & King" Mass Meeting is to be held at the same time and place. We are curious to see how many will leave the Pierce ranks to enlist under the Webster banner. Certainly we commend their taste.

☞ The Washington Monument, now one hundred and seventeen feet in height is in progress, and with every prospect of being ultimately completed according to design.

City Matters.

MILWAUKEE & MISSISSIPPI R. R.—We are indebted to Mr. CATLIN, Pres't of the Company, for the following statement of the receipts of the Milwaukee & Mississippi Railroad for the first eight running days of October. The figures tell their own story, without any comment from us:

Cricket Match.

We have a letter from Mr. HOLBROOK, Secretary of the Chicago Cricket Club, stating that they will be here to play the Return match on *Monday next*. We hope that our Milwaukee Club will be all ready to receive them, and will endeavor to reciprocate the hospitalities extended to them at Chicago last Monday week. The Match will be closely contested, and well worth seeing.

Last Night of the Campbells.

These admirable vocalists give their Farewell Concert at Gardiner's Hall *this* evening. The entertainment is for the benefit of CHARLEY ABBOTT, the principal Violinist of the Campbells and an old resident of Milwaukee. The Programme is unusually rich and the performances will be of *extra* quality. We do not doubt that the Hall will be crowded even more full than it has been for the past two evenings. Give them "a bumper at parting."

THIRD WARD SCOTT CLUB.—The Third Ward Scott Club had a rousing meeting at their Head Quarters on Friday evening, to hear Mr. GIBBONS, an eloquent Irish advocate from Cincinnati. The speech of Mr. GIBBONS was a capital one and made an abiding impression upon his hearers. He left here yesterday to speak at Kenosha, Waukegan, Galena, &c. and will be back in our city and give us another talk next week.

FIRE.—An alarm of fire was sounded for the Third Ward about 4 A. M. yesterday. It proved to be a frame tenement, corner of Huron and Jackson Streets, owned and occupied by Patrick Fitzpatrick, as a Blacksmith shop. The flames speedily consumed it, but extended no further. It was insured for $175, which covers the loss. The Fire Department turned out, in a hurry, but finding nothing to do, turned in again.

☞ The "*Menomonee*," not the "*Whitewater*," (as we had it yesterday) is the name of the splendid Locomotive just built at the Menomonee Foundry for the M. & M. Railroad Company. The second is to be called the "*Whitewater*." The *Menomonee* leaves the Foundry for the track *to-day*.

FOR BUFFALO.—The steamer *Globe*, Capt. Pratt, arrived night before last from Buffalo with near 300 passengers, and a heavy load of freight.

She leaves here on her return trip this evening. For passage apply to H. K. JEROME, agent, on Main st., near Huron.

COLD SPRING COURSE.—There will be some fast trotting over the Cold Spring Course this afternoon. Two purses are advertised and there are three entries for each. The first trot comes off at 2 o'clock P. M.

CINCINNATI WATER WORKS.—We are indebted to Mr. LOCKWOOD for the perusal of a report recently made by T. R. SCOWDEN, Engineer of the Cincinnati Water Works, of the trial of some new Cornish Boilers and a Condensing Engine, erected by that Company. The trial was very thorough, and the results obtained remarkable. The engine was run 6 hours and 37 minutes, during which time it made 8308 revolutions, giving the pump double that number of strokes. The Reservoir is 179 feet above the Ohio river, and, in the time mentioned, seventeen hundred thousand gallons of water were delivered, the furnaces consuming only 57 bus of coal during the time of making steam, and during the trial. This is equal to 45,000,000 lbs of water raised one foot high, for every bushel of coal consumed, or to speak less technically, is equal to a cost for fuel of about 13⅓ cts. for every thousand barrels of water.

Mr. SCOWDEN writes that the engines for the Milwaukee Hydraulic Company are of the same general principle, but will possess some advantages over those which we have mentioned. We hope that there will be no backwardness manifested among our citizens in coming forward with their subscriptions to the stock of this important enterprize.

LEGISLATIVE NOMINATIONS.—JOHN W. CARY is the Loco candidate for State Senator in Racine Co., and JAS. T. LEWIS in Columbia Co.

CHAS. CORNELISSON is the whig candidate for Assembly in the South East Dane Co. district.

W. T. BRADLEY, democrat, in the Southern district of Columbia Co., O. D. COLEMAN in the northern.

In Jefferson Co., W. W. WOODMAN is nominated for Assembly by the "democracy" of the Aztalan district, JOHN E. HOLMES, for the Jefferson district, and GEORGE DOW in the Milford district.

CYRUS A. HALL, (dem.,) for Senator in the Northern Rock Co., district.

ORSON REED of Summit, and DOMINICK CASEY of of Waukesha, (dem.) for Assembly in Waukesha Co.

GEO. W. CATE is the dem. candidate for Assembly in the Portage district.

GEN. SCOTT IN CINCINNATI.—The Cincinnati *Gazette* of the 6th. says the reception of General Scott in that city the day before, was the grandest affair which has been witnessed in Cincinnati for many a day, if indeed anything approaching it has ever been seen in that city before. Certainly, nothing, unless it was the reception of Kossuth, has at all approached it, either in numbers or enthusiasm.

The scene which presented itself as the steamboats moved up the river, in front of the landing, was the most exciting ever witnessed.

On the Kentucky side, large numbers of our Newport and Covington friends assembled upon the bank of the river, and on our side the landing was one mass of living humanity."

CALORIC STEAMERS FOR THE LAKES.—It is reported that the Messrs. WARD are only waiting the result of the experiment soon to be made with Ericson's Caloric steamship, now nearly completed, to construct two mammoth steamers for the lakes. They are to be fitted with the caloric engines, if the experiment is successful. Rumor also gives to the new boats the names "*Great West*" and "*Western World*."

APPOINTMENT.—We learn, by the Syracuse *Standard* that Dr. THOS. SPENCER, late of this city, and last of the Dental College at Syracuse, has been unanimously appointed Professor of Materia Medica, and General Therapeutics, in the Philadelphia College of Medicine, and has accepted the appointment.

ARRIVED.—We notice, in recent California papers, the arrival at Downieville of M. N. Mason, S. Schroter, W. B. Johnson, and Harvey Johnson, from this state.

Also, at Shasta, the arrival of Jas. Sullivan of Watertown, and —— Loug, of Hazel Green.

WAUKESHA IN THE FIELD.—The Scott men of Waukesha are in the field with an excellent ticket and a strong platform. They are bound to make a good fight this fall and hope to redeem their county. Every man to the work!

PENNSYLVANIA.—The "Old Chippewa," printed at Pottsville (Pa.) claims 20,000 majority for Scott, and adds—Thousands upon thousands of honest, patriotic citizens of the Democratic party will either quietly vote for Scott, or stay at home—*they will not vote against him.* You may depend upon that. It was only the other day that an active, influential German Democrat from Berks county declared, in substance, to one of our citizens that he had read of Scott for the last thirty years—that he knew him to be honest and patriotic, because his own party papers so pronounced him, and he never heard anything against him until he was nominated for the Presidency. ..I will not," he candidly continued, "vote for Pierce, because I never heard of him before—if I do not vote for Gen. Scott, I will stay at home—*I will not vote against him!*"—*Nash. Banner.*

Correspondence of the Daily Sentinel.

OZAUKEE, Oct. 9th, 1852.

Messrs. Editors:—

Mr. H. C. HEBARD, of Sheboygan, has been here to address the Pierceites. He did address them, and the first words that he spoke were, that the "Pierce Democracy" was the party of Internal Improvements, and friendly to appropriations for the improvement of our Rivers and Harbors. Did you ever see Mr. Hobart? Could you have supposed that he had a "power of face" equal to such a lie—whopper? Yet just such stuff he told through his speech of some hour in length. What he said was a kind of dim reflection of Mr. Douglass' speech. His audience was, in a large proportion, German. When he had closed, he was asked to give the votes of the parties in Congress upon the last appropriation bill for Harbor and River improvements, and he *flunked*: then he was asked a few questions on the *Tariff*, which he could not answer; he was cornered—but it would not do to stay so: he therefore asked his questioner if we could not compete with the world in coarse cottons? "Yes," said the questioner. "There!" replied Mr. H. with an elevated voice "what do you want a Tariff for?" "For the finer fabrics of cotton and other manufactures," was the answer. Mr. H. exultingly exclaimed, See how the whig floors himself! See him acknowledge that a Tariff is not needed! And the Blade, (did you ever hear of that paper? most people in our County have *heard* of it,) faintly echoes Mr. Hobart. Yours, &c, H.

The Convention organized by appointing O. S. RATHBURN, of Brookfield, Chairman, and DAVID W. SMALL, of Oconomowoc, Secretary.

The Convention then unanimously nominated the following Scott County Ticket:

For Sheriff.—Joseph Davenport of Ottawa.

Register of Deeds.—Michael Newton of Waukesha.

District Attorney.—David W. Small of Oconomowoc.

Treasurer.—Horatio N. Davis of Waukesha.

Clerk of Court.—Edward M. Randall of Waukesha.

Clerk of Board Supervisors.—Andrew T. Sherman of Waukesha.

County Surveyor.—Henry Shears of Merton.

Coroner.—Dr. Wm. H. Warner of Oconomowoc.

County Committee for the the ensuing year:—
E. Enos, Jr., of Waukesha.
JAMES Y. WATSON of Waukesha.
D. W. REED, of Pewaukee.
W. W. COLLINS of Oconomowoc.
B. A. JENKINS of Genesee.

The following resolutions were *unanimously* adopted:

Resolved, That we regard the freedom of speech —the freedom of the press, and agitation, by the free discussion of all subjects pertaining to the general weal, as among the most sacred rights guaranteed to us by the Constitution of the United States; and as necessary to our political and social existance, and the perpetuity of a free government, as the air we breathe, to the continuance of our natural lives; and that, as a corrective for the abuse of those rights, we recognize public opinion, as the only legitimate tribunal.

Resolved, therefore, That the acts of any man, or set of men, calculated to abridge the lawful exercise of such rights, are deserving of nothing less than our most hearty disapprobation and contempt.

Resolved, That the timely improvement of our Rivers and Lake Harbors, by the aid of the General Government, is a subject of the most vital importance to us as Western men; and that we will make every honorable exertion to elect a President, and members of Congress, who are known to be, beyond a doubt, favorable to this great enterprize.

Resolved, That protection to all the great manufacturing and producing interests of our country, by laying specific duties on the imported articles, thereby bringing the producer and consumer together—creating a home market for our agricultural products, and a corresponding increase of the price for labor; in short, supplying our own wants with our own hands, and keeping our capital at home, in profitable employment, and thus avoiding the curse of foreign indebtedness, is an old and well tried principle of the Whig party—and the only true policy, as regards that part of our commercial intercourse with foreign nations.

O. S. RATHBURN, Ch'n.

DAVID SMALL, Sec'y.

From the N.Y. Allgemeine Zeitung, (German paper.)
The German Whigs in the Field.

These Germans of ourselves, who are of the opinion that Whig measures are much better for the commonwealth than the Democratic ones, are mostly old citizens, who came over here well educated, and such of the young emigrants, who, in the German revolution, belonged to the radical party—this is to say, that party which would enter into no compromise with the old, bad institutions and used-up politicians, but went for a radical reform of the institutions of Germany. For being free from prejudice, they easily perceive that they must either forsake the consistency of their principles, or join the Whig party. These two classes of citizens, the better part of our German population, of course, don't belong to those portentious-politicians, who every evening, posted behind their beer-glasses, frown upon the world for not having been moulded in the shape they wanted it, who believe it their duty to "kill the dragon of Whiggery."—There are, however, quiet folks, observing, thinking and judging, organizing shortly before the election day, and carefully appearing at the polls. We understand that in the 8th, 11th, 17th and 18th Wards these our fellow-citizens have already organized for the election, forthcoming, and are confident many others will follow this example. These and other facts satisfy us *that in the forthcoming election, at least one third of the Germans of New York will vote for Scott & Graham!*"

RAILROAD MEETING.—The adjourned R. R. meeting last Thursday at the Court House was well attended, and much interest is felt in the enterprise. Our citizens are awake to the importance of a road connecting with the East and are bound to have it. The Milwaukee and La Crosse road will, without doubt, pass through the Baraboo valley. It is a route formed by the hand of nature, and needs neither excavating nor filling; and beside, the day is not far distant when the business of this valley alone, will warrant the building of a R. R. It is rich in agricultural resources, rich in water powers and facilities for manufacturing, and rich in minerals. The latter fact may not be generally known, but nevertheless it is so. There have been some veins of copper recently found, that would spread a broad grin over the hard face of a Lake Superior miner, and new discoveries are daily made.

James F. Flanders, R. H. Davis, P. Bassett and A. Kellogg, were appointed a committee to ascertain the amount of stock that will be taken by citizens, and William Updegraff, S. V. R. Ableman and David Reynolds, were appointed a committee to estimate the amount of machinery that may be put in successful operation on the Baraboo River, and to procure other statistical information and report as early as practicable. The meeting adjourned to Friday evening, October 15th.—*Sauk Co. Standard.*

MILITARY.—The General Staff of the Commander-in-Chief, having been all filled, that branch of the Wisconsin Militia now stands as follows:

LEONARD J. FARWELL, Commander-in-Chief.

B. F. HOPKINS, Madison; C. C. WASHBURNE, Mineral Point; C. BASHFORD, Oshkosh; and C. CLEMENT, Kenosha, Aids to the Commander-in-Chief.

WM. L. UTLEY, Racine, Adj. General.

DAVID ATWOOD, Madison, Quarter-Master General.

JAMES B. MARTIN, Milwaukee, Pay Master General.

JAMES RICHARDSON, Madison, Commissary General.

JOHN W. HUNT, M. D., Madison, Surgeon General.

N. BISHOP EDDY, Madison, Judge Advocate General.

WM. DUDLEY, Madison, Military Secretary.—*State Journal.*

Had it not been for the censurable conduct of the men who were unwilling to trust the people with the election of Judges, Sheriffs, Justices of the Peace, and all other officers now appointed by direction of the Clique and controlled by them in all their future movements, the test would have been out of our State Constitution.—*Concord Tribune.*

It is undoubtedly true that the intense love of the "spoils" which distinguishes the Loco Focos of New Hampshire, was the primary cause of the defeat of the proposition to wipe out the "religious test." If the People had been allowed to amend the Constitution so as to permit them to elect their own local officers, the amendments proposed might have been carried. But Gen. Pierce and his friends would rather have the odious test than be elected falsehood is resorted to. Believe me that the Whigs of our Golden State will give a good report of themselves, and I will pledge my word for it that the City and County of Sac Francisco alone will give a majority for Scott of from *one to three thousand.*

You know what my feelings were in the states seven months since, but now that the Whig bugle has sounded, and the Whig cohorts are gathering, I cannot prove recreant to those sacred principles so nobly advocated by the Star of the West, whose lustre is forever dimmed, and that bright Star of the East which still survives to shed its lustre over that people and that Union, for whom he has ever fought gallantly and gloriously.

The Prospect in Pennsylvania.

A correspondent of the Albany *Evening Journal* writes to that paper from Philadelphia with words of great encouragement relative to the canvass in the Keystone State. We copy a portion of the letter:—

The aspect of things in our city and county is promising. There is a thorough organization and an earnest resolution among the rank and file. The Whigs have distinctly refused to make any combination with the Natives, or to enter into any arrangement. The Locofocos are bargaining with them in private. Lewis C. Levin, technically called *Honorable*, is among the most frantic and foul-mouthed revilers of Gen. Scott. He makes no compass his defeat; the Natives shall go in solid column against him and at any cost. He has been concerting with a number of Locofoco Orangemen for their support of him, by pledging Native votes to their candidate for the Sheriffalty. As soon as Levin's defeat is officially ascertained, which it will be on next Tuesday night, he will make open proclamation for Pierce & King. This traffic was arranged long ago, and the consideration stipulated, for Levin is a practical believer in the doctrine, that the laborer is worthy of his hire. *Peter Sken Smith, and all the Native managers, are out for Pierce, and principally upon the ground of his support of the exclusion of Catholics from Executive and Representative offices in New Hampshire.* That is their peculiar Platform, and he, as the efficient exponent of the principle, is therefore accepted and commended as their peculiar candidate. Levin, Smith, and that set, have lost much of their power over the Native vote, which will probably follow its original political predilections.

Gen. Cadwallader, of this city, who won considerable destinction in the Mexican war, and a moderate Democrat, while electioneering the good Whig fashion of the Revolution, has avowed his determination to support Gen. Scott. This intelligence has taken the friends of Pierce by surprise, and created quite a panic in some of their circles.

HEAVY ROBBERY.—Mr. J. A. J. Bird of Elkhart, Ind., had his wallet containing $1,900 cut from his coat at the Depot of the Southern Railroad on the arrival of the cars last evening, and before he had taken his seat in the omnibus. No clue has been obtained of the robber.—*Chicago Journal* Tuesday.

Lives of WINFIELD SCOTT and ANDREW JACKSON, by J. T. HADLEY, author of "Napoleon and his Marshals &c."

We made a brief acknowledgment a few days since to S. CHAPMAN, for a copy of this interesting book. Mr. Headley's style, with all its infatuation and redundancy of adjectives, is an attractive one to the great mass of readers, and whatever work he issues from the press is sure to find eager purchasers. The present volume, the preface states, is designed to be the commencement of a series of sketches of distinguished men of the present generation, and Scott and Jackson are placed together, "as the two military men who have made the deepest impressions on their country since the time of Washington."

We have little room for extracts, but give the following interesting paragraph, describing and commenting on the situation of Gen. SCOTT and his army, in the City of Mexico:

Scott and Mexico.

Tranquility being restored, Scott levied a contribution on the city, and organized a temporary government. His army of six thousand now appeared a mere handful in that spacious square, where Santa Anna, a few hours before, had mancuvred thirty thousand. But there was a grandeur about it as it stood up in the heart of that great city, surrounded with the memories of so many victories, and presenting in itself the embodiment of so much power. That vast population might apparently rush upon it and crush it by the mere weight of their masses, but there it stood, awing all by the terror of its name. The Mexicans gazed upon it in amazement. Since its conquering feet had had been placed on their territory, it had taken twelve thousand prisoners, killed and wounded nearly ten thousand men, and captured colors and standards innumerable, together with more than seven hundred pieces of artillery, more than thirty thousand small arms, and shot and shells and munitions without end. In its very last onset it had trampled under foot thirty thousand men, defended by castle walls, entrenchments, and heavy artillery. Scoffing at numbers, defying obstacles, it had moved on its victorious course with resistless power. Reduced it indeed was, but its adamantine columns stood firm as ever. The mere mention of the numbers captured and slain and wounded by it astounds one. The bare statistics sound like the fabulous deeds of some hero of romance. Never had so small an army so much glory to divide among its numbers. Proud of their renown and their leader's praise, they cheerfully obeyed his commands, and abstained from all those acts of violence and oppression which a conquering army in the heart of a city that has cost it such a sacrifice, feels it has a right to commit. Property and life were protected, and the inhabitants settled down into a feeling of security and peace, to which, under their own rulers, they had for years been strangers. The humblest individual could come to Gen. Scott with his complaint, sure of receiving justice and protection. That away whose name had carried terror into all hearts, was soon looked upon as the guaranty of their rights and the enjoyment of their social blessings. The Mexicans could not understand how such ferocious men in battle, such fire-eaters when raging amid their foes, could be so quiet in their department, so kind in their ways, and generous in their conduct. Scott, whose name had never been uttered without a shudder of fear, was beloved as their best protector and friend, and they sat down under his mild but firm sway in perfect contentment.

Mr. Pierce, the British Candidate for President, and his Campaign Press.

From the London Times.

THE TRIUMPH OF THE CANDIDATE OF THE DEMOCRATIC PARTY, BROUGHT FORWARD BY THE MEN OF THE SOUTH, WILL SECURE, PROBABLY FOR EVER, THE ASCENDENCY OF LIBERAL COMMERCIAL PRINCIPLES; and if Lord Derby should next year be disposed to take the American tariff for his model, we have little doubt that it will serve to remove the last illusions of the protective system from his mind. In this respect, and on this point, we take Gen. Pierce to be a fair representative of the opinions of Mr. Calhoun, and as such a VALUABLE PRACTICAL ALLY TO THE COMMERCIAL POLICY OF THIS COUNTRY.

From the Manchester Examiner.

THE ELECTION OF GENERAL PIERCE WILL AT ANY RATE, PROVE THAT THE DEMOCRATIC MAJORITY, whatever may be their other differences, ARE UNANIMOUS IN THEIR DESTRUCTION ON BEHALF OF A liberal commercial policy, and any government we may form will be one on which THIS COUNTRY MAY RELY FOR EFFECTUAL CO-OPERATION IN reducing wherever practicable, existing impediments to international intercourse.

From Wilmer & Smith's European Times.

"As regards England, public sympathy, it is needless to say, is enlisted on the side of the Democratic candidate. Not that Gen. Pierce is considered the BETTER MAN. FAR OTHERWISE. He is merely the accepted nominee of that great party of the Union who desire to push the principles of Free Trade to an utmost limits."

From the London Leader.

"We are without information as to the views of Gen. Pierce on the subject of co-operation with England, but we cannot say that we feel any apprehension on the point, and we shall await the final election not without sharing in the confidence of many American friends that it will result well."

From the London Despatch.

"The two parties of the Republic, Whig and Democrat—that is, Conservative and Progressive, Protectionist and Free Trader—appear to have marshalled their forces, and selected their candidates for the coming election. EVERY ENGLISHMAN, of almost every class, REJOICES IN THE EXPECTATION OF SUCCESS FOR THE DEMOCRATIC, PROGRESSIVE, FREE TRADE PARTY."

Scott Clubs in San Francisco—Whig Prospects in California.

Correspondence of the N. Y. Tribune.

San Francisco Sept. 1st, 1852.

Inclosed I send you a copy of the proceedings of the Cerro Gordo Club of this city, of which I have the honor to be Secretary. The Club has been formed for effective service during the coming campaign.

The same enthusiasm, the same fire, and the same spirit that was manifested here, spread thro' the length and breadth of our State. From the uttermost confines of our young Empire, the rallying cry is being wafted to us on every breeze.—From Yuba, Butte, Shasta, Klimath, Tuolumne, Nevada, El Dorado, Sacramento, and Mariposa, most cheering news reaches us. You can hardly conceive with what vigor all good-hearted and true Whigs, firm to their principles and the welfare of their country, are taking up the fight and de ing battle in aid of the cause. Our opponents have not lost any of their unscrupulousness which has always distinguished them, and if base hints and innuendos do not accomplish their purpose, then barefaced falsehood is resorted to. Believe me that the Whigs of our Golden State will give a good report of themselves, and I will pledge my word for it that the City and County of Sac Francisco alone will give a majority for Scott of from *one to three thousand.*

You know what my feelings were in the states seven months since, but now that the Whig bugle has sounded, and the Whig cohorts are gathering, I cannot prove recreant to those sacred principles so nobly advocated by the Star of the West, whose lustre is forever dimmed, and that bright Star of the East which still survives to shed its lustre over that people and that Union, for whom he has ever fought gallantly and gloriously.

ARRIVAL OF THE FRANKLIN.

New York; Oct. 11.

The steamship Franklin, with three days later news from Europe, arrived at her dock at 9 o'clock this morning, with 135 passengers and $180,000 in specie.

Flour market dull, and three pence to six pence lower. Wheat declined—1d to 2d lower for 70 lbs. Corn was firm, with fair demand.

FRANCE—On the 15 inst, an infernal machine designed to assassinate the President's head board seized at Marseilles. It was reported about that another was yet concealed. A conspiracy to murder the President was believed to have extended throughout the province of Var, and was set on foot by the Piedmonts and Socialists. One hundred well known and violent Socialists had been arrested.

The machine was composed of 150 gun barrels loaded with 1500 bullets, besides 4 bestides-busses similarly charged with grape shot. This battery if fired during the passage of the procession, would have completely swept away the President and his attendants. Many of the conspirators were arrested. The plot concocted by a secret society had long been watched by the police.

ENGLAND—Wrigley, Gandy & Co.'s circular quotes "good brands flour, fine, at full prices, while inferior grades are neglected."

The excitement relative to the weather had subsided, and the harvest in the north has nearly all been secured. The wheat crops on the whole will be under the average in quantity, while the quality in most instances is inferior.

The American guano expedition to the Lobos Islands was creating much uneasiness among the dealers in guano, and the Peruvian bond holders have fears of a collision. The London Times of the 28th ult., contains an article on the subject, condemnatory of the proceeding of Mr. Webster, and expressing a conviction that the Peruvian Government will be able to capture the whole of the merchant vessels engaged in the expedition, unless the naval squadron of the United States should interfere to prevent it.

The London Times on the authority of letters from Paris state that the first official act towards the confirmation of the Empire would probably take place about the 15th of October, when on the President's arrival at the Louvre, a decree would be published in the Moniteur for an extraordinary convocation of the Senate. The subject of examination would be the address emenating from the department of Councils, and of either framing a report thereon, or passing a Senatus Consulate, inviting Louis Napoleon to assume Imperial dignity. The return of the President to Paris after completing his present journey is to be celebrated with a Royal and Imperial pomp, magnificence that is to eclipse anything of the kind ever seenin France.

The steamer Franklin had made the passage in little over 11 days.

Trade at Manchester buoyant from the Eastern markets and Australia.

The iron trade much excited, some manufacturers were advocating another rise of 20s a ton.—Sales of Cotton, Wednesday, 12000 bales at London money market was most in demand and the market tightening. Public securities rather flat. Peruvian bonds depressed.

Pennsylvania Irishman for Scott.

Hyde Park, Luzerne Co., Oct. 1.

As an Irishman, I am proud to have to say that my countrymen in this county are, "by a long pull, a strong pull, and a pull altogether," succeeding in bursting the chains that have bound them for the last forty years. Some of our Democratic young "men eloquent" have tried hard during the last three months to galvanize the old chains, so they might at least hold out during the present campaign; but, depend upon it, our chains cannot be galvanized again, our heads mesmerized, nor our hearts magnetized to the so called Democracy. We have given the Democrats a long, patient and impartial trial; but a verdict of guilty has been rendered against them, and they must suffer the retributive consequences. Therefore, I have no hesitation in saying that some thousand Irish Democratic votes will be polled in this County in favor of Scott and Graham next November.

CORNELIUS WARD.

A Jersey Democrat for Scott.

Correspondence of the N. Y. Tribune.

Morris, N. J., Sept. 29, 1852.

I am a Democrat, and always voted that ticket, except at town meetings, and then, of course, I had a choice independent of politics; but I shall not vote for Pierce, first, because I am not a Free Trade man, but a Tariff man; and second, because I am a Land Reformer, and not a Land-Monopolist; thirdly, I am opposed to the Fugitive Slave Law, and that is reason enough for me for not casting my vote for Franklin Pierce. I could name several instances of seven Democrats in my school district who will vote for Scott, and that is a good proportion, seeing teere are but twelve in it. A CONVERTED LOCO FOCO.

HAY PRESS.

THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS ALL OTHERS now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c., and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running look of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute, at ordinary all-day work; seven or eight tons can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 400 lbs, measuring two feet square and four feet long. Bales of Cotton can be made compact enough with out compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may travel in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the hay is pressed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

GENTLEMEN'S FURNISHING GOODS.

They are confident, in view of their very superior and unsurpassed facilities for the purchase of goods in the Eastern markets from cash auctions, importers and manufacturers, in all cases from first hands, one of the first residing and superintending the business of their concern in Philadelphia, that they are not only able, and do buy their goods from 20 to 25 per cent. cheaper than most houses in the city who buy on credit, and of jobbers, but they are able and are determined to sell that much lower. They deem it superfluous to attempt, as it is impossible to misrepresent the articles that comprise their stock, which in fact is unrivalled by any similar establishment west of the Atlantic cities.

To their friends and customers, and those who know them, it is needless to say anything, but to strangers who are in want of articles comprising their stock, they will say, call on us and let us show you the great inducements we are able to offer; we will give you polite and respectful attention, with better bargains than you are able to get elsewhere. The most perfect satisfaction is guaranteed in all cases to those who deal with us.
